"I am the ~~supersoul~~ seated in the hearts of every living entity..."
— Lord Krishna (Bhagwad Gita)

So "Lord" himself or himself lives in every living entity and not just Human Beings.

⇒ Spiritualism, the foundation of Civil Services
Ethical values that the Civil Services (conduct) Rules, 1968, comprehensively advocates are as follow —

① People-Centricism i.e. the concept of Public Service itself. Political Statemen call citizen Janta
Janardhan i.e. "People are God"

② Compassion i.e. Spiritualism advocates this, so does Civil Services Code of Conduct to show compassion towards weaker sections.

Mention some feature of spiritualism & then compare it with Code of Conduct for better answer. here you have just written values.

If you have so many points better to use diagram or flow chart for better Presentation

③ Tolerance: that Diversity & Inequality is the rule of Nature, so a civil servant must respect that.

④ Justice i.e. the delivery of Justice by Legislature, [Political & Permanent] Executives and Judiciary with impartiality & Non-partisanship.

⑤ Empathy: e.g. A civil servant is one amongst the masses so she must act empathetically.

⑥ Sympathy: that to have it in executive actions e.g. A police officer immediately accepts FTR when a person belongs to Women, SC, ST, OBC, LGBTIAT, PWD, minority etc.

⑦ Probity: that to deliver economic service.

⑧ Integrity: To discharge duty perpetually.

⑨ Honesty: To have an all round Justice

⑩ Dedication: To love the people and the job of public service even in low salary.

Thus, Spiritualism is the foundation of India, Indian Constitution,

Indian National Father "Bapu", Indian People, and Indian Policy of Civil Services.
